EQUALITY AND DIVERSITY POLICY

The legal and local framework for this policy is **The Equality Act 2010** which replaced all previous equality legislation such as the Race Relations Act, Disability Discrimination Act and Sex Discrimination Act.

Sacred Heart of Mary is a Catholic Community that aims to carry out its mission “Ut Vitam Habeant” - that they may have life, Life to the Full.

This policy aims to help all stakeholders live out the Gospel values as given by Jesus Christ in The Beatitudes.

These reveal the goal of human existence and are the objective values as given by Christ;

- Forgiveness & Mercy
- Truth & Justice
- Tolerance & Peace
- Dignity & Compassion
- Purity & Holiness
- Humility & Gentleness
- Faithfulness & Integrity
- Preferential Option for the Poor & Vulnerable
- Sanctity of Life & Care for God’s Creation
- Solidarity & The Common Good
- Charity & Subsidiarity
- Distributism & Social Justice

Since the foundation of Sacred Heart of Mary Girls’ School by the Sacred Heart of Mary Sisters these values have formed the basis of all relationships.

All adults that have chosen to work and oversee this community must ensure that they fulfil their mission of Catholic education by displaying, modelling and promoting these values.

All who work in or oversee a Catholic school must conduct themselves in a way which does not conflict with the “precept” and “tenets” of the Catholic Church and are bound by their contractual obligations “not to do anything in any way detrimental or prejudicial to the interest of the Catholic character of the school”.

Every individual in a Catholic school have the entitlement to be treated with the love, respect and dignity that comes from being a child of God, with the face of Christ.

This policy has expectations for all that are rooted in these Gospel Values and conform to the teaching of the Catholic Church. The implementation of all school policies should demonstrate the importance of personal responsibility and the need for justice but also facilitate healing and reconciliation.

The Equality Act 2010 combines the below strands:

- Sex Discrimination Direct sex discrimination is where A treats B less favourably than A treats others, or would treat others if the reason for the less-favourable treatments is B's sex. This covers recruitment policies, dismissals and redundancies, fringe benefits and other non-contractual matters and requires that women and men should be treated equally.
- Gender reassignment discrimination The Equality Act 2010 reminds us that gender reassignment is a process and not an event. Discrimination in connection with the provision of education on grounds of past, present or proposed gender reassignment is unlawful
- Sexual orientation discrimination Discrimination in connection with the provision of education on grounds of sexual orientation is unlawful under the provisions of The Equality Act 2010
- Race discrimination Race as defined in The Equality Act 2010 includes colour, nationality and ethnic or national origins. Race is essentially a group characteristic, but one racial group can be part of a larger racial group. Discrimination in connection with provision of education on grounds of race is unlawful under the Act.
- Religion or belief discrimination In The Equality Act 2010, religion means any religion or belief and reference to religion includes a reference to the lack of religion. Similarly, belief means any religious or philosophical belief and a reference to belief includes a reference to a lack of belief.

Admissions

As a Catholic school, we acknowledge our right to give preference to practising Catholic pupils. However, Catholics of all racial groups have equal access to the school and criteria for the admission of non-Catholic pupils does not favour any one racial group over another

At the Sacred Heart of Mary Girls' School, we are committed to the following guiding principles :

- All are of equal importance in the sight of God and should be equally afforded dignity and respect
- Diversity resulting from age, gender, racial and social origins, culture and practice should be regarded as enriching our Catholic community • Every child is to be held in equal esteem as a child of God. Their individual needs are to be carefully assessed and monitored in the light of their talents, abilities and previous and present experience
- Every child should have access to full and appropriate educational and spiritual provision

Aims

1. To confirm the Christian message of equality of all in the sight of God;
2. To acknowledge our obligation as Catholics to support those in the community who are the weakest and most in need;
3. To prepare students for life in a diverse society in which our pupils are able to see their place in the local, regional, national and international community;

4. To provide positive non-stereotyping information about different groups of people regardless of gender, ethnicity, disability, sexual orientation, religion and age;
5. To develop the liturgical, academic and pastoral curriculum that promotes an appreciation of difference and actively challenge discrimination and disadvantage;
6. To ensure equality of esteem for all subject areas and courses of study;
7. To create a school culture of understanding, tolerance, and respect whereby individuals are judged on their own merits;
8. To ensure that the girls are given full access to all areas of the curriculum unimpeded by stereotyping;
9. To give pupils with special educational needs the fullest possible access to learning opportunities consistent with their abilities;
10. To follow procedures which detect and deal with any discriminatory behaviour which may take place within the community

To achieve these aims we will:

- involve stakeholders in the development, review, evaluation, and impact assessment of all relevant improvement plans, policies and procedures
- publish and share our policies and impact assessments with the whole community

Each student's progress is monitored and tracked. The resulting data is analysed in respect of gender, race, ability or additional needs, looked-after status.

In addition to monitoring to rule out any potential disadvantage, quality assurance procedures ensure the college meets its duty to positively promote diversity. (e.g. lesson observations record evidence of differentiation and texts are reviewed to ensure appropriateness and inclusivity.)

The data collected is used to inform further school planning, target-setting and decision-making.

Worship

When planning assemblies teachers should ensure that the content and language is inclusive and does not discriminate or exclude any members of an ethnic, religious, gender or ability group. Staff should aim to include contributions of all people to world development and reflect diversity within the School and the local community.
